# AMSTERDAM LIGHT FESTIVAL - THE LIGHT WALK

Thanks to Amsterdam Light Festival, we do not have to dread the dark winter nights anymore. From December 10th until January 3th, the festival transforms Amsterdam into a true city of lights, with the help of contemporary (international) light artists.

During this annual festival for young and old, both the residents of Amsterdam and the city's visitors are treated to a spectacle of light. At the same time, the festival offers talented (young) light artists a platform to present their latest work.

Discover new light art and experience 'When Nature Calls' during the 9th edition of Amsterdam Light Festival. This year they'll you on an exciting theatrical journey by foot, with the Light Walk!

It's clear that Mother Nature has called us out these past few months. With the outbreak of the Coronavirus our society has come to a complete standstill and we cannot help to stop and reflect on life around us.
